WINTER 2022

## ANNUAL REPORT TO VIRGINIA BETA ALUMNI

On behalf of the Virginia Beta Board, I am pleased to report that the fraternity remains in good shape with an active membership of some 45 undergraduates. The premises at One University Circle continue to be maintained in good condition, all the more so due to the restored dining room which has generated improved participation on the House's meal plan.

### House Leadership

This past year, the House executive committee was well managed under the leadership of President, Terence Moriarty '23; Vice President, Drew Johnson '23; Treasurer, Tanner Lewis '23; and Secretary, Carter Paulen '23. For 2023, the actives recently elected Jack Meaney '24 as President.

In addition to these fine young men, we are proud of the House's leadership throughout the University and Charlottesville community. Indeed, no matter the decade, one thing remains true: we have always recruited a well-rounded group of actives who excel both academically and athletically, in clubs and philanthropy. You can read more about the current actives' accomplishments in the Report from the Undergraduate President further below.

We have many Phi alumni who were mentored by other Phi alumni before them. That is part of our tradition of brotherhood, and we ask that you help it continue. If your business is open to interviewing or hiring our undergraduate actives for summer internships or jobs, please email Alumni Chair, Noah Adams '24 at [nja9ac@virginia.edu](mailto:nja9ac@virginia.edu).

### Facility Management

The House remains in good physical condition, although there are regular maintenance items to address. We utilize the services of Piedmont Facilities Management to regularly inspect the building and arrange for repairs. The dishwasher, faucet, and ice machine were replaced in the kitchen, and contractors updated the smoke detectors and lights. We are also looking at a few larger maintenance projects for the near future as well. VAB Trustee, David Edwards '90, a resident of Charlottesville, serves as Chapter Advisor. He and VAB Trustee, Ajay Malik '04 are the point persons for repair projects.

### House Meal Plan

The brotherhood is taking advantage of the dining room on the first floor, which was restored following the removal of the two bedrooms and bathroom constructed in 1988. This allows the actives to enjoy lunch and dinner in one location and eliminated dining in scattered areas of the House. The brothers continue to appreciate healthy and nutritious choices available to them from chef Trish Tye.

## Rush

Full in-person rush will resume in January 2023. If you know of any UVA students interested in fraternity life, please contact Rush Chair, Drew Johnson '23 at [awj9gibt@virginia.edu](mailto:awj9gibt@virginia.edu) or Alumni Chair, Noah Adams '24 at [nja9ac@virginia.edu](mailto:nja9ac@virginia.edu).

## 2022 Spring Events

The 33rd Cudlip celebration will be on April 28, 2023. Please stay tuned for further announcements in the spring. We would love for alumni to come back to Charlottesville in anticipation of our 150th Anniversary Celebration October 6-7, 2023, see the House, and meet the next generation of Phis.

Please feel free to contact me or other members of the Board whenever you have questions about the Fraternity.

We thank you for your continued support.

Yours in the Bond,  
R. Scott Oswald '90 | President, Virginia Beta  
[soswald@employmentlawgroup.com](mailto:soswald@employmentlawgroup.com)

## LETTER TO PHI SOCIETY PARENTS

On behalf of fellow alumni, I am pleased to welcome you to the Phi Society community. As you may know, the fraternity's heritage dates to its founding in University Lawn rooms in 1873. Since then, generations of fraternity members have been active contributors to the Charlottesville and University communities through their service and philanthropy, academic achievement, and membership in the University's athletic teams, newspapers, affinity groups, clubs, and countless other activities. As such, the undergraduate members of the Phi Society bear a responsibility to continue this tradition of contribution. They are not alone in their endeavor. The Phi Society's alumni organization, Virginia Beta, through its Board of Trustees, provides advice and support to undergraduate members, oversees the maintenance of the fraternity's home at One University Circle, and fosters its good standing on Grounds. For decades, Board members have reveled at the opportunity to help ensure that each new undergraduate class enjoys the same opportunity to obtain lifelong friendships and memories that we enjoyed during our own years at the University. Like alumni participation, parent participation is also critical to realizing these goals. Each spring, the Board underwrites a portion of the cost of the Phi Society parents formal. We hope you'll join us at the event this April 2023.

Every year, we ask alumni to support the Phi Society by contributing to the Phi House Fund or the Phi Educational Endowment Fund. The former is used for attending to annual maintenance and capital repairs of the house at One University Circle, and the latter to provide Phi educational assistance. Both funds are maintained through the University of Virginia Fund and, accordingly, gifts are considered contributions to

the University. We hope you will consider making a gift to either fund.

Please feel free to contact me whenever you have any questions. Many thanks for your support of Phi Society.

R. Scott Oswald '90 | President, Virginia Beta

## SUPPORTING THE FRATERNITY

Even if you have not regularly donated in the past (or have not had a chance to visit the House in recent years), we ask that you consider supporting one of the Fraternity's charitable funds this year to keep your Fraternity strong now and into the future. Gifts are counted by Alumni Hall as part of your overall donations to the University, including class gifts for reunion giving (please consult with your tax advisor on tax deductibility). The Board appreciates the generosity of the many alumni, parents, and friends who continue to support the funds.

*Phi House Fund.* Donations are used for annual maintenance and capital repairs of the House at One University Circle to keep the structure one of the most well-kept on Grounds.

*Phi Educational Endowment Fund.* Donations are allocated to provide educational assistance for undergraduate members of the Fraternity who have difficulty paying tuition on top of other collegiate expenses.

*Phi Circle Fund.* Permits alumni to make gifts under a will or trust agreement for the benefit of the capital needs of the House at One University Circle or other needs of Phi Society as determined by the Virginia Beta Executive Committee.

You may make a gift to the Phi House Fund or the Phi Educational Fund by:

- Donating online at [phisociety.com/support](https://phisociety.com/support)
- Using the enclosed form and reply envelope
- Calling the University's Gift Processing Services (434-924-7018)
- Gifts of securities may be made by mailing to the University's Gift Processing Services, calling 434-924-7018, or visiting [phisociety.com](https://phisociety.com)
- Making a check out to the UVA Fund with allocations to the Phi House Fund or the Phi Educational Endowment Fund

Checks should be mailed to:

UVA Fund Gift Processing Services  
c/o Phi Society  
P.O. Box 400314  
Charlottesville, VA 22904  
Memo: Phi House Fund | FAA568 or  
Phi Educational Fund | FAA556

Alumni may join the Phi Circle Fund by advising the VAB Board Executive Committee of the creation and identification of a will or trust under which funds are to be transferred to the Phi Circle Fund. Alumni Gifts may be designated for specific purposes and will only be disbursed as so designated by the order of the VAB Executive Committee. Please contact Mike Campbell '91, VAB Board Secretary, at [mgcampbell@mmcanby.com](mailto:mgcampbell@mmcanby.com) for more information.

## UNDERGRADUATE PRESIDENT'S REPORT

Greetings from One University Circle! As COVID-19 rates subsided and classroom mask mandates were lifted, student life at UVA has returned to normalcy in 2022. The brothers of Phi Society welcomed this change with open arms, as it has allowed for a more traditional and holistic collegiate and fraternity experience. Here is an update on undergraduate Phi affairs and accomplishments from the past year:

### Rush and Initiation

Due to the circumstances surrounding the COVID-19 pandemic in Charlottesville at the time and shifting University restrictions, the 2022 rush process had its challenges. Initially, Open House was to take place online, with the following rounds to occur in-person (with limitations). The University later modified its policy and required that the remainder of rush be conducted online. Despite these changes to our plans, Phi Society was still able to produce a pledge class of fifteen outstanding Phis. While we were not able to present bids at the dorms, the new pledge class was able to celebrate Bid Day in-person at One University Circle.

In April, the 2022 pledge class was initiated at a ceremony led by outgoing President, Kevin Cox '22, and the new President, Terence Moriarty '23. The fifteen new Phis were thrilled to receive their Phi ties and formally join the brotherhood.

2022 Pledge Class

### Extracurricular Activities

As always, Phi Society brothers are active throughout both the University and Charlottesville community. Nicholas Chuckas '23 is a member of the Rock Climbing Club, MS Society, and the Order of Omega; JD Etz '23 works as a TA for a computer science course; Ryan Smith '23 is a Charlottesville Debate League tutor, VISAS language consultant, and private tutor to local high school students; Ryan Smith '23 and Joseph Harrell '25 are members of the Jefferson Literary and Debating Society; Lorenzo Allorto '24 is a member of the Virginia Case Club; Decker Bristow '24 is on the Engineering Team for UVA's Forge; Jack Meaney '24 is a member of the Sports Business Club; Ryan Rosenberg '24 is in the Tamid Group at UVA, and Josh Zimmermann '24 is a member of the PKG Concert Planning Committee.

### Philanthropy and Volunteering

Under the direction of Philanthropy Chair Nicholas Chuckas '23, we held several successful fundraising events in the past year. In the spring, Social Chairs Jake Flynn '24 and Kieran O'Dell '24 worked diligently to coordinate the first ever Phi Rodeo, a philanthropy event in the front yard that included t-shirts, a mechanical bull, and bales of hay. In October, we held a fundraiser at Crozet Pizza, where attendees purchased a wristband for food and drink deals. A 50/50 raffle at Parents' Formal also contributed to our fundraising efforts. Beyond spreading awareness, we raised over \$1,000 for the Cystic Fibrosis Foundation and for Michael Blankenbecler (who coached Kyle Brumbaugh '21, JD Etz '23, and Tanner Lewis '23 in high school volleyball and is battling brain cancer).

Outside of philanthropy, a number of active Phis have made a commitment to giving back to the community through volunteer work. Tanner Lewis '23 volunteers at the UVA Hospital. Lorenzo Allorto '24, and Noah Bennetch '24 are involved in Creating Assets, Savings, & Hope (CASH), where volunteers provide free tax preparation services for low- and moderate-income community members in Charlottesville. Lorenzo Allorto '24 is also a volunteer for the Big Siblings program through Madison House. Shan Akiraj, David Beiger, Decker Bristow, Marcos Gonzalez, and Kieran O'Dell, all class of 2024, tutor underserved high school students in Mississippi with the Global Teaching Project. David Beiger, Decker Bristow, and Marcos Gonzalez even flew to Mississippi for in-person tutoring as part of this program. Thomas Reiter '25 volunteered this summer as a counselor for Camp Kesem, which is a free week-long camp for children who are affected by a parent's cancer. He is an executive member of the organization's UVA chapter.

### Social Scene

As expected, the social calendar post-Covid restrictions led to the creation of many memories for the brothers of Phi Society. Notable social events from the past year include a mock wedding between Noah Bennetch '24 and a member of Alpha Chi Omega, Splashdown with a waterslide in the front yard, and Beach Formal in Oak Island, NC. These were of course accompanied by a number of other parties, date functions, and brotherhood tournaments.

JD Etz '23, Ted Owen '24, and Oliver Barcia '24 at Beach Formal in Oak Island, NC.

Groups of brothers have also taken advantage of breaks in the school calendar to go on trips together. In the past year, active Phis have traveled to the Netherlands, England, Ireland, Mexico, Las Vegas, New Orleans, Miami, and New York City between the spring and fall breaks.

## Studying Abroad

While there has been a several year hiatus, primarily due to the COVID-19 pandemic, Phis will be studying abroad again in 2023. In the spring semester, Max Garvin '24 and Kieran O'Dell '24 will be studying in Copenhagen, while Ryan Rosenberg '24 will be in Barcelona. Similarly, Jack Meaney '24 will be studying in Valencia this summer.

Lorenzo Allorto '24 and Noah Bennetch '24 in St. Peter's Basilica this summer.

## Careers, Internships, & Academics

The 2022 graduates of Phi Society have made the brotherhood proud by starting full-time jobs at esteemed companies or seeking additional educational opportunities at revered universities. Ryan Afshari '22 is a Market Risk Associate with Wells Fargo; Kevin Cox '22 is a Systems Engineer at Northrop Grumman; Daniel Engels '22 is a Digital Assurance and Transparency Associate with PricewaterhouseCoopers; Andy Gillespie '22 is a Tax Consultant for Deloitte; Max Gotlieb '22 is a Private Equity Analyst for Level Equity; Carter Light '22 is a Consultant for Oliver Wyman; Finn O'Dell '22 is a Solar Energy Consultant for LGCY Power; Bryant Ricks '22 is a Performance Client Service Officer for State Street; Matt Thompson '22 is a Technical Consultant at Pariveda Solutions; Ian Toubin '22 is an Associate at Ankura; and TJ Whitman '22 is an Associate for Boston Consulting Group. Trent Ballard '22 will be working as an Associate Software Engineer with Capital One upon receiving his master's degree in Computer Science from UVA in December 2022. Alex Parlanti '22 is working as a dental assistant and plans to attend dental school beginning in the 2023-24 academic year.

In addition to the successes of last year's graduating class, two fourth-year Phis have already accepted full-time roles for next year. JD Etz '23 will be working as a Software Engineer at Microsoft, and Brendan Lynch '23 will be a Business Analyst for Kearney. Similarly, several brothers have accepted impressive internships for this coming summer. Noah Adams '24 will be interning with Community Bank of the Chesapeake; Lorenzo Allorto '24 and Noah Bennetch '24 will be working with KPMG; Max Garvin '24 will have an internship with Liberty Mutual; and Ryan Rosenberg '24 will be a Business Analyst Intern for Capital One.

Many active brothers also held internships this past summer including Nicholas Chuckas '23 at the Law Office of Lewis J. Saret; JD Etz '23 with Microsoft; Terence Moriarty '23 with MLJ Contracting; Cole Yantiss '23 with Icarus Medical Innovations; and Noah Bennetch '24 with Hershey Advisors. Additionally, Michael Seelman '24 created Seelman Consulting, LLC, through which he completed investment research and analysis for Masonry Capital Management, LLC.

Given the achievements of recent graduates as well as current Phis, it should come as no surprise that members of Phi Society had a cumulative GPA (all semesters) of 3.61 as of the 2022 spring semester. The average spring 2022 GPA of 3.56 ranked eighth among thirty-one Interfraternity Council chapters. It is worth noting that nine Phis achieved a 4.0 GPA in that semester.

## House Band

In spring of 2022, the house band, Spoonfed, continued with their second semester of playing together. The band was proudly composed of active brothers, with Will Sevy '22 on lead guitar and vocals, Kieran O'Dell '24 on drums and vocals, Kevin Cox '22 playing rhythm guitar, and Josh Zimmermann '24 on bass guitar. They were supported by vocals from Abi Singh (Alpha Phi '22), as well as beloved band manager Ian Toubin '22. The band played a rotating set list of classic and modern rock, blues and pop at fraternity events, bars, and other Greek houses. Some clips and pictures of Spoonfed performing can be found on the band's Instagram page, @spoonfedofficial.

## Athletics

Members of Phi Society continue to demonstrate athletic prowess, primarily through participation in club and intramural sports. The intramural basketball team won their division of the fraternity league. Ryland Maragh '23 and Cole Yantiss '23 play for the Club Soccer team. JD Etz '23 is a member of the Club Bowling team. Jake Flynn '24 is on the UVA Cheer team. David Beiger '24 and Jack Meaney '24 are members of the Pickleball Club, which competes at the intercollegiate level. Jack Meaney '24 also plays for the Club Golf team. Ben Groothuis '25 is the secretary of the Club Badminton team and Will Stevens '25 is on the Club Swim team, where he serves as treasurer.

## Parent's Formal

After the event was postponed in 2020 and 2021, we were fortunate enough to finally have the Sixth Annual Parents Formal at the Omni Charlottesville Hotel in April. Thanks in large part to the efforts of Finn O'Dell '22, the event was a tremendous success. We are excited to welcome parents back to One University Circle for the Seventh Annual Parents Formal this spring!

Yours in the Bond,  
Terence Moriarty '23  
President

Carter Light '22, Terence Moriarty '23, and Johnny Hagler '23 by the Rotunda before Parents' Formal.

## RUSH 2023

For the first time since 2020, we are anticipating a regularly scheduled rush process. If you are aware of an undergraduate student who is rushing this spring and would like to refer him, please reach out to our Rush Chair, Drew Johnson '23 (awj9gbt@virginia.edu) or Alumni Chair Noah Adams '24 (nja9ac@virginia.edu). All referrals are greatly appreciated as we look forward to another strong rush this spring!

## SAVE THE DATE 150<sup>TH</sup> ANNIVERSARY

The year is 1873. President Ulysses S. Grant begins his second term as President of the United States. In San Francisco, Levi Strauss begins manufacturing blue jeans with riveted pockets. P.T. Barnum debuts The Greatest Show on Earth in New York City. The worldwide “Long Depression” begins and lasts over five years. And on November 18th in Charlottesville Virginia, in Room 40 East Range of Thomas Jefferson’s Academical Village at the University of Virginia, **the Virginia Beta Chapter of Phi Delta Theta Fraternity is founded.**

All of us share in the rich history of the house and have helped create the building blocks of what is today known as Phi Society. We are more than friends or acquaintances; we are brothers with a common bond. And regardless of when we pledged, or where we are from or what twists and turns our lives have taken, we have shared experiences that are unique to our brotherhood. Next fall, on **October 6-7, 2023, we will celebrate the 150th Anniversary of our founding.**

Registration will open early next year. We are expecting the largest gathering of UVA Phis ever! We hope you will join your brothers for this momentous occasion. The adult beverages will flow freely as will the reminiscing and stories not suitable for young ears.

Yours in the Bond,  
John Zimmermann '81 | JAZimmermann@yahoo.com  
Mike Melley '92 | mikemelley@gmail.com  
Noah Adams '24 | nja9ac@virignia.edu

## Cudlip Ceremony

The 32nd Annual Jeffrey Rockwell Cudlip Award Ceremony was held in-person this year, after holding the event on Zoom in 2021. Nicholas Chuckas '23 received the Cudlip Memorial Award for his contributions to the fraternity as a pledge. Continuing a tradition started last year, the ceremony also included the presentation of fourth-year awards. Kevin Cox '22 won The Record as the "Best Phi," Matt Thompson '22 won the Maupin Pence Memorial Award for academic excellence, and Trent Ballard '22 won the Joseph C. Tunner Memorial Award for athletic achievement. Fraternity traditions were on full display, as the newly initiated pledge class sang on the front steps and fourth-years received their Rosettes. The event was coordinated by Scott Oswald '90 and Alumni Chair Noah Bennetch '24, and served as an excellent way to celebrate the life and legacy of Jeffrey Cudlip.

Ryland Maragh '23 and Marcos Gonzalez '24 after the Cudlip Ceremony.

## ALUMNI NEWS

### Thomas Wiig '21

I have been working as an analyst for the Norwegian sovereign wealth fund since June 2022.

Ronnie Peele ('81) and John Zimmermann ('81) at the house for homecoming weekend.

### Chris Warburton '21

Life is going great down here in Miami. I am in my second year of medical school at the University of Miami. Hoping to be able to come visit UVA some-time later this school year.

Bill Utt '79, Luke Farrell '80, Dave Brubaker '81, Alex Utt '83 enjoying the fine cuisine at the White Spot while in town to celebrate the wedding of Alex's son.

### Bradford Seagraves '09

Bradford launched Northbank Capital Management, which manages a long/short equity fund currently focused on the renewable natural gas vertical, where companies capture biogas emissions from landfills and farms and process it into pipeline-spec natural gas. A CFA charterholder, he currently resides in Sun Valley, ID. Previously, Bradford was a Senior Buy-Side Analyst at Davenport & Co. in Richmond, VA.

If you have an update you would like to feature in the Phiner Times, visit the website [www.phisociety.com](http://www.phisociety.com) and submit an update for the next issue. Thank you.

## REMEMBERING TIM ROSE '98

On Monday, September 26, 2022, we lost our Brother, Tim (often Timbo) Crawford Rose '98. Tim is survived by his wife Emily; his daughters Carley (14), Linley (12), Whitney (9), and Cloey (6); his father Danny Rose, mother Shirley Jean Holland Wright, and stepfather Timothy Wright; his sisters Sonya Rose Hall (James), Ashleigh Wright Suttmiller (Matt), and Kelleigh Wright McMillan (Paul); many aunts, uncles, cousins; and countless friends.

The Rose Family

Tim was born in Chesapeake, Virginia, where he excelled at mischief, friendship, and baseball, so much so that he was drafted as a pitcher out of Great Bridge High School by the Chicago Cubs. Notwithstanding his baseball prospects, Tim attended the University of Virginia where, by the accounts of many classmates, Tim pursued a robust college experience, inside and outside the classroom. Tim spent the fall of his first and second years “studying” and the spring in Florida with the Chicago Cubs affiliates. In 1994 Tim proudly announced that he was joining MLB’s player strike – permanently. As a result of his semesters in Spring Training, Tim was rewarded with a fifth year on Grounds – courtesy of the Cubbies. As in most endeavors, he won.

After college, Tim moved to Atlanta, Georgia, where he lived with several Phis and began his career in medical device sales. More importantly, during his time there Tim met Emily (at a Doug Clark & The Hot Nuts show), his loving wife of 17 years. In 2005, Tim and Emily moved to Richmond, Virginia, where Tim later founded Ashlawn Medical, a successful medical device sales company.

Phi Spring Formal - 1997  
Chrisian Ricciardiello, Jeff Hanna, Tim Rose, Matt Leonetti, and Mike Zarraga.

Among Tim’s many attributes were his creativity and persistence, which he applied to great effect in his lifelong affinity for practical jokes. His talent in this arena was exceptional, and he succeeded in fooling friends and relatives on the first of April every year, even those who surely knew it was coming. To the delight of Phis from the mid-90’s, Tim once fraudulently induced a fellow Phi to submit an extensive application – replete with multiple essays – for a fictional law school scholarship. These antics are legendary, and exemplified how much he loved to laugh, which was exceeded only by his love of inducing the laughter of others.

Tim was an avid collector of friends, and he treasured his expansive collection, including many Phis from many graduating classes. He boasted perfect attendance at birthdays, bachelor parties, weddings, anniversaries, and Phi alumni events. If you knew Tim well, you’ll fondly remember his hugs, which entailed being hoisted up, squeezed, set down, slapped on the back, and called a nickname, which of course, he’d supplied. He was a fiercely loyal supporter of his fraternity brothers and the University and maintained lifelong commitments to each.

Of Tim’s many passions, none were more important than his devotion to his beautiful family. Tim’s “Rose Petals”, Emily, Carley, Linley, Whitney, and Cloey, were the loves of his life. He was a regular presence on sidelines of Richmond athletic fields, and with his girls at the home games of his beloved Wahoos. Tim’s was a life well lived, and he enriched the lives of countless others.

Please consider a donation to Rose Daughter’s Educational Fund: <https://everloved.com/life-of/timothy-rose/?flow=201>

## HARRY R. MARSHALL LIFETIME ACHIEVEMENT AWARD

Every five years, the Phi Society issues the Lifetime Achievement Award to an alumnus brother who has achieved success in his life or career and deserves recognition for following the pillars of the Fraternity: friendship, sound learning, and moral rectitude. To honor the legacy of Harry Marshall, the Fraternity recently renamed the award as the “Harry R. Marshall Lifetime Achievement Award.” The award is issued at each five-year anniversary of the founding of the Virginia Beta Chapter and presented during the weekend reunion that accompanies the anniversary. The award will be presented again at the 150th celebration at the Omni Hotel on October 7, 2023. If you believe a brother from your class deserves consideration for the award, please submit nominations to Virginia Beta secretary, Mike Campbell: [mgertcampbell@gmail.com](mailto:mgertcampbell@gmail.com).
